

Canadian Business And The Law 6th Edition

Business Law in Canada, tenth edition provides future business professionals with a strong and practical legal grounding on the issues that touch every business. The new edition reflects the most current developments in business law, as well as the increasing importance of information technology, the internet, intellectual property, and legal issues concerning small businesses. Note: MyBusLawLab is not included with the purchase of this product.

Written to provide flexibility in delivery without sacrificing content, Legal Fundamentals for Canadian Business delivers introductory and foundation material efficiently to allow time to develop more advanced topics thoroughly.

This new edition of Kevin McGuinness's widely cited treatise on corporate law covers the wealth of case law and legislative changes since 1999. Discover how major corporate scandals and amendments to the Canadian Business Corporations Act and Ontario Business Corporations Act have impacted the way your clients operate—and what your new responsibilities involve. Canadian Business Corporations Law, formerly known as The Law and Practice of Canadian Business Corporations, combines all commentary and analysis into a convenient, user-friendly volume that you can easily bring to court or the boardroom.

Breen/Ellis/Stephenson Canadian Business Law Today, First Edition, is an exciting new ground up product specifically designed for Canadian college courses, or for instructors that want concise business law coverage. Fundamental topics of Canadian business law such as the court and legal system, tort law, contract law, employment law, property law, and business organization are introduced and discussed. With an emphasis on active learning to engage students, Canadian Business Law Today contains current Canadian examples, legal scenarios, and case studies, along with comprehensive instructor resources to suit a variety of teaching and learning styles.

Seventeen in a series of annual reports comparing business regulation in 190 economies, Doing Business 2020 measures aspects of regulation affecting 10 areas of everyday business activity.

Includes chapters on all the states of the United States, and a chapter each on the Equal Credit Opportunity Act's restrictions regarding guaranties, the District of Columbia, Canada, Quebec, and Puerto Rico.

A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

This accessible and practical reference provides an overview of the essential features of the law governing business organizations in Canada, both in theory and practice. It is a comprehensive and up-to-date guide for practitioners and business people setting up and using sole proprietorships, partnerships and corporations to carry on small businesses as well as a thorough introduction to the law and policy of public company governance. The fourth edition has been fully updated to reflect developments in the caselaw and statutory reforms in the last decade. Dozens of new cases are cited. The 2018 amendments to the Canada Business Corporations Act are discussed, including the requirements for public corporations to report on the diversity of their boards of directors that are not yet in force. The chapters on securities law, corporate governance, and corporate social responsibility have been significantly expanded. As well, features to improve the utility of the book have been added, such as more comprehensive cross-referencing throughout the text.

Thoroughly revised, plain-language explanations of legal issues that impact today's practicing engineers This fully updated guide helps engineers navigate the complicated legal issues they encounter in their work. The book focuses on Canadian engineering practices and discusses the latest international rules and regulations. Contracts, liability issues, and intellectual property and tax laws are covered in full detail. Written by a recognized expert in the field, Law for Professional Engineers: Canadian and Global Insights, Fifth Edition features concise, easy-to-understand explanations of the legal issues that impact engineering. You will get relevant examples from Canadian case law that demonstrate real-world applications of each legal concept. The book provides practical advice that will help engineers navigate the complexities of international projects, whether they are based in Canada, in the U.S., or anywhere else in the world.

- Cuts out the legalese and explains concepts from an engineer's perspective
- Includes expanded coverage of engineering ethics
- Written by an expert on international construction law and dispute resolution

What's the law? What does it mean? If the law is broken, especially criminal law, there may be a penalty. But who makes the law? How can the government draw lines in imposing individual responsibility? This book examines these questions in the context of dealing with youth, with case studies and analysis.

Based on real day-to-day experiences and the contributions of over 300 Canadian lawyers, this "best selling" book gives you everything you need to know about legal situations that we all encounter. No jargon, no theory, no maze of statutes - just clear and concise answers about the laws that matter most to you. Your Guide to Canadian Law is the perfect legal reference book for every home and business.--pg.[4] of cover.

"Canadian Business Law: An Alberta Perspective provides a comprehensive overview of business law through a legal risk management perspective. Readers will gain a working knowledge of key concepts across multiple areas of law, including torts, contracts, consumer protection, employment, property, debtor-creditor, and more."--

The key words for this text are: "clear, concise and relevant". Most students taking this course are not going to be lawyers and therefore the emphasis is on a strong business orientation. Key features and competitive advantages include additional core topics such as risk management, negligence, and intellectual property. Case material has also been integrated into each chapter to illustrate the key topics and is presented in summary format as well as in hypothetical examples. Numerous features within the text demonstrate business law to students in a real world context. This text will assist and guide the entrepreneurial student who is aiming to start a business and needs the legal knowledge to avoid pitfalls.

This edited collection gathers together Canadian and non-Canadian scholars to reflect on and celebrate the 20th anniversary of the Quebec Secession Reference, delivered by the Canadian Supreme Court in 1998. It opens with two Canadian scholars exchanging thoughts on the legacy of the reference from a domestic perspective as one of the most questioned decisions of the Canadian Supreme Court. To follow, non-Canadian scholars discuss the impact of this reference abroad, reflecting upon its influence in European and non-European contexts (Spain, Scotland, the EU after Brexit, Eastern European Countries, Ethiopia, and Asia). Two final chapters, one by a lawyer and one by a political scientist, explore the democratic theory behind that reference.

Appropriate for one-semester courses in Administrative Law at both college and university levels. Legal concepts and Canadian business applications are introduced in a concise, one-semester format. The text is structured so that five chapters on contracts form the nucleus of the course, and the balance provides stand-alone sections that the instructor may choose to cover in any order. We've made the design more reader-friendly, using a visually-appealing four-colour format and enlivening the solid text with case snippets and extracts. The result is a book that maintains the strong legal content of previous editions while introducing more real-life examples of business law in practice.

Lawyers can provide you with the legal information you need, but their fees are often prohibitive. This comprehensive guide will answer many of your questions, saving you both time and money - money that you can keep in your pocket.

First published in 1997. Routledge is an imprint of Taylor & Francis, an informa company.

In a changing world, how can we be sure that women as well as men entrepreneurs and workers obtain the benefit from these changes? Ensuring that women have the same legal opportunities as men is one part of the picture. By measuring where the law treats men and women differently, Women, Business and the Law shines a light on how women's incentives or capacity to work are affected by the legal environment and provides a basis for improving regulation. The fourth edition in a series, Women, Business and the Law 2016: Getting to Equal examines laws and regulations affecting women's prospects as entrepreneurs and employees in 173 economies, across seven areas: accessing institutions, using property, getting a job, providing incentives to work, building credit, going to court, and protecting women from violence. The report's quantitative indicators are intended to inform research and policy discussions on how to improve women's economic opportunities and outcomes.

Legal Fundamentals for Canadian Business, Third Edition, is appropriate for one-semester courses in Business Law. Concise and clear. This text provides the flexibility that instructors want and the accessibility that students need. A

streamlined approach allows instructors flexibility in the way the course is taught without sacrificing essential content, while providing students with a solid foundation of essential business law concepts. This thoroughly updated third edition provides a succinct and economical approach to Canadian Business Law. MyBusLawLab is not included with the purchase of this product.

This accessible and practical reference provides an overview of the essential features of the law governing business organisations in Canada. Tony VanDuzer discusses both the internal and external functions and relationships of business organisations, and the laws that govern them. The book is a comprehensive and up-to-date guide for practitioners and business people setting up and using sole proprietorships, partnerships, and corporations in Canada. As well, it provides students with a thorough introduction to the theory and practice of corporate and partnership law.

(Black & White version) Fundamentals of Business was created for Virginia Tech's MGT 1104 Foundations of Business through a collaboration between the Pamplin College of Business and Virginia Tech Libraries.
